VICEPRESIDENT FINANCE AND OPERATIONS

Sagrado Corazón University is searching for the position of Vice President of Finance and Operations.

The Vice President will be responsible for defining the financial strategy of the institution, leading the university in its aggressive growth plan and implementing systems and practices that instill financial discipline across the institution. We are seeking a seasoned finance leader with an entrepreneurial drive, strong leadership skills, and a proven ability to work cross-functionally and garner buy in from internal and external stakeholders.

What you will do...

- Define and implement tools and processes to deliver rich insights on our unit economics and financial health.
- Provide strategic guidance to executive leadership and our board.
- Lead auditing, insurance, and external accounting and regulatory authority relationships.
- Leverage your financial strengths to guide decision-making, rationalize costs and instill healthy budgeting, forecasting and spending practices across the institution.
- Prepare financial analysis for academic departments, for contract negotiations and investment decisions.
- Enforce benchmarks for measuring financial and operational performance.
- Monitor and analyze company's financial statistics. Advise teams to ensure appropriate compliance within budgets.
- Oversee and manage daily operations for finance and operations departments to understand cost drivers and ensure excellent service delivery.
- Oversee short and long term financial goals, objectives, policies, and operational procedures

What you'll bring...

- Experience: 8 to 10 years' experience in senior level finance positions.
- Qualifications: Bachelor's degree in a related field, Advanced degree preferred.
- Authorized Public Accounting Certification or Authorized Financial Planning Certification.
