SUGGESTIONS FOR CROWD FUNDING:

- While mass emails and Facebook can save you time, they are most effective when combined with individual or personalized contact
- Be specific - How will you spend the money? On tuition, fees, personal travel, food, housing?
- Tell your donors how this experience will impact you. How will it change your life? Why is it worth it?
- Include a photo so donors can make a personal connection
- In exchange for the donation, offer to share your knowledge gained from studying abroad after you return. This can include presentations, making food from your host country, or writing an article. Offer to write a monthly blog to give donors information about your progress during your program abroad.
